SPECIAL RESEARCH COMMITTEES

(*Personnel of Main Research Committee, p. 7*)

Lubrication

Appointed October, 1915, to investigate the fundamental problems of lubrication phenomena, to formulate results of investigations previously made, and to keep in touch with contemporary research in this field

A. E. FLOWERS, *Chairman*
EARLE BUCKINGHAM, *Secretary*
L. P. ALFORD
L. J. BRADFORD
H. C. DICKINSON
M. D. HERSEY
H. A. S. HOWARTH
G. B. KARELITZ
ALBERT KINGSBURY
A. E. NORTON

Fluid Meters

Appointed 1916, to develop the theory of fluid meters of all kinds and to report on the best methods of their application

(Reorganized July, 1929)

G. H. ACKER
J. J. BROSHEK
L. R. BUCKENDALE
W. H. HIMES
D. L. LINDQUIST
A. A. ROSS
B. F. WATERMAN

Spark Arresters

Authorized in September, 1926, as a study of the need for further development of various fire protective devices used on steam generating apparatus in forest areas

(Local sections in the large forest areas of the country have made surveys of the situation. Further study is contemplated in cooperation with forestry and lumbering agencies.)

Saws and Knives

Appointed March, 1927, to make a study of the uses of saws and knives in the lumber industry with the purpose of recommending improvements in their design, manufacture, and use

H. C. ATKINS
C. M. BIGELOW
G. E. CAMPBELL
F. P. CARTWRIGHT
S. H. DISSTON

Absorption of Radiant Heat in Boiler Furnaces

Appointed April, 1928, to make a study of the absorption of radiant heat in boiler furnaces with the purpose of making recommendations for improved furnace design

W. J. WOHLENBERG, *Chairman*
E. G. BAILEY
R. M. GATES
E. L. LINDSETH
G. A. ORROK
R. J. S. PIGOTT
J. VAN BRUNT

Velocity Measurement of Fluid Flow

Appointed November, 1927, to sponsor the development of an absolute method for determining the velocity of the flow of fluids by means of the location of nodal points in wave systems

W. F DURAND, *Chairman*
G. S. WILLIAMS
T. R. WEYMOUTH

Fuels

Appointed December, 1927, to collect existing data on Fuels Research, coördinate present research efforts where possible and advisable, and carry on research on specific problems in this field

F. R. WADLEIGH, *Chairman*
A. C. FIELDNER, *Vice-Chairman*

DIRECTIONS FOR USING GEOGRAPHICAL LIST

The Geographical List contains the names, dates of election, business addresses, and mailing addresses of members of all grades, including Honorary Members, Members, Associates, Associate-Members, and Juniors.

In this list the United States is listed first, Canada follows, and the other countries are grouped according to continents.

In the United States list, the states and possessions are arranged alphabetically, and the cities alphabetically under the states. The members are arranged alphabetically under each city.

Where two addresses are given, the first is the business address. The words "and *for mail*" are used when the preferred address for mail is not the first one.

The date after each name is the date of election to membership. The grade is indicated by the symbol after the name: *i. e.*, H—Honorary; A—Associate; A-M—Associate-Member; J—Junior. Where no symbol accompanies the date, full membership is understood. Where two dates are given, the first indicates election and the second indicates promotion; if the second date is not accompanied by grade, promotion to full membership is understood.

The membership allocated to Sections is indicated by the name of Section appearing after the name of the city. Members residing in cities where no Section is mentioned have the privilege of affiliating with any Section, without additional dues, by making request to the Secretary of the Society.

Consult the Alphabetical List, page 75, for index to Geographical List.
